

DON'T

Don't have your battery just watered—have a hydrometer reading taken of it—that you may see the real condition of it—

Don't fill your battery too full with distilled water—too much water will cause it to overflow, wet your box, causing it to "water-log" thus having a continuous discharge on the battery.

Don't run your car with a discharged battery. Be sure of its gravity reading. Plates are easily sulphated on a battery that is continually in a discharged condition.

A battery will freeze at a gravity reading of 1100 sp. g. r. Have your battery tested, keep the gravity reading of it up—you will not have to worry about zero weather. A fully charged battery will NOT freeze.

Keep it well charged, watch your ammeter and see that your generator is charging properly, keep plenty of distilled water in your battery, but not too much, have it filled once every two weeks in the winter months, and keep your battery clean, and you will get real service, longer life, with very little cost.

We shall be glad to be of service to you.

AN OPPORTUNITY FOR YOUNG MEN

The United States Army has opened a recruiting office here for the purpose of giving every young man over eighteen years of age an opportunity to learn and become efficient in any of the seventeen trades that are taught in the army.

Now that the war is over the army is rebuilding its badly depleted efficiency corps, which was so highly praised "over there" and which tended to terminate the war quickly.

The army not only makes experts of men in many trades, but makes them better physically, mentally and morally by mixing play with work, which makes the army vastly different in "peace times" than in war times, for there are certain hours given to recreation and exercise, which is so essential to good health. It is an admitted fact that the American army is the healthiest body of men that can be found anywhere.

Buddies.

The army needs you to assist in training the "rookie" just as you were trained and pays you more now than you received during the war, and you have the additional advantage of the "Rookie" in that you can go back to your "Old Outfit" if you wish and soldier among men you know.

If any of you have failed to get your Victory Button call at the office with your discharge and you can get either the bronze or silver button.

Anybody wishing any further information about the army call or write the Army Recruiting Station, Room 205, Security State Bank and Trust Co. Building. Stop in and ask the Sergeant at the desk, he knows.

A SUCCESSFUL BOX SUPPER AT CANYON

Pupils of the Canyon school gave a box supper Friday night to raise money to buy a Victrola for the school. Prof. Webb and pupils had arranged an interesting program for the evening, but owing to special guests being present the regular program was dispensed with and a discussion on Poultry Raising was taken up. Mr. Thompson discussed Breed and Care of Poultry. Mrs. Dora R. Barnes of College Station, was then introduced and made a most interesting talk on what boys and girls could accomplish by trips to the Dallas Fair. After discussion closed the boxes were disposed of and a good sum netted. Then a cake donated by Miss Halsey, was competed for by voting for the prettiest young lady present. Misses Irma Sides and Maud Hufschneider were the competitors. After a very close contest Miss Sides won. Mrs. Barnes suggested that the money raised from the cake be used to defray the expenses of a boy and girl to the State Fair, which was agreed to. The boy and girl to be decided on later.

Mrs. Barnes and Miss Halsey were special guests on this occasion.

Mrs. Henry Bledsoe, of Sudan, was a visitor to Lubbock Saturday.

J. E. Shelton from Brownfield, was a visitor to Lubbock Saturday.

G. N. Jones and family returned to Corpus Christi, after an extended visit to their son, Loyd Jones.

Mrs. Bill Richter of Abernathy, is here attending the bedside of her grandmother, Mrs. M. M. Frazier.

Wood sold at from \$15 to \$17 per load at Rotan last week, according to the Rotan Advance.

Miss Lucile Criswell, of Hamlin, has accepted a position with the Western Union here.

Miss Ella Forest, Dickens County Home Demonstration Agent, visited Miss Halsey the latter part of the week.

Mrs. E. F. Alderson passed through here Friday on her way to Meadow, after an extended visit in New Mexico.

Messrs. Easton Wolforth, Joe Boyd and George Atkins, left Sunday overland for points in California, to be gone several weeks.
